Miss Claudia Rehrs

...

Dear Miss Rehrs,

I am pleased to confirm that I will attend the conference organized by the European Academy Berlin on July 22nd-24th in London, as the Lay Judges's Association representative.

I am also pleased to inform you that our Association (FEDER.M.O.T) has highlighted the event on its website (www.federmot.it) to inform its members, some of which will certainly participate to the conference.

We would like to publish the final results of the conference's work on our website and we hope that the European Charter of Lay Judges will be finally elaborated.

FEDER.M.O.T has recently underlined to the Italian Government the necessity of a common regulation inside the Community States for what concerns the Lay Judges' matters.

On the occasion of a Parliamentary audition on May 27th 2011, FEDER.M.O.T demanded to the Italian Government and to Justice Minister to include in the Italian Constitution the recommendation of the European Council n. CM/Rec (2010) 12 of the Ministers Committee to the Community States.

We attach this recommendation, that also reflects FEDER.M.O.T point of view for what concerns Lay Judges's matters.

On behalf of the Association, I wish the best outcome for the event.

Best Regards.

Maria Paola Di Nicola
